My dear Garrison

We want you at our annual meeting, and I am directed by a unanimous vote of our Committee to invite you. The meeting will be held either at West Chester or Kennett Square, and on or about the 16th of October.

You have been in Pennsylvania for two years, so that you will be quite new to us, and

as we hear that your health is a good deal improved, we shall not fear a refusal. We want you and need you, and you must not say nay. We have invited no one else as yet from a distance, but we mean to ask Phillips. He has never been at one of our State meetings, and has been but little of the Pennsylvania abolitionists. Perhaps he could be persuaded to

cum this time. The
proliferation would be
great on one hand, I
I think would be nu-
meral.

The "16th" will be
after our state elec-
tion, when the Presi-
dential question will
probably be virtually
decided, and the excite-
ment of the season
much reduced.

Hoping to have an
early answer from you I
am as ever

Yours truly J. M. Glenn
